2.0 Rationale

As a Church school, we see SMSC Development as integral to our core Christian purpose of being witnesses to Christ in our everyday lives. Our whole-school approach to spiritual development is embedded within our spiritual, moral, social & cultural (SMSC) provision.

Our SMSC growth is based on a shared understanding of what it means to be fully human.

At Archbishop Benson School we believe that spirituality is an awareness that there is something deeper and greater than the course of everyday life.

"Spirituality is the quality of being concerned with the human spirit or soul as opposed to material or physical things. It refers to the deepest values and meanings by which people seek to live."

"We are more than material"

We recognise that Christian spirituality has to do with our experiencing of God (good) and with the transformation of our consciousness and our lives as outcomes of that experience. We seek to grow so that we are ready to see God/good everywhere and in everyone.

Spirituality is based in the moment

"...we are to love God, we are to be alive to him, we are to be in communion with him, in this *present moment* of history. And we are to love mankind, to be alive to people as people, and to be in communication on a personal level with people, in this *present moment* of history". (God and people are the same thing)

We are committed to supporting all our pupils and adults in their spiritual development, enabling us all to flourish as a Christian community. We understand that spirituality is essential for personal happiness. No child or adult is complete without spiritual engagement

We are committed to the development of the "whole" self – physical, mental and spiritual. We believe that we are a "three-part whole" – **We are spirit, have soul and live within a body.**

- We seek to follow our unique set of Christian values to embed a sense of belonging and worth within us all.
- We believe spirituality enriches us all as individuals in our understanding of and ability to relate to others and society as a whole – our relationships with ourselves, our home family, our school family, those around us, with God and all creation.
- Spirituality strengthens us in our search for individual & collective identity and in discovering over time what is our "unique task" from God and with God.
- Spirituality blesses us with a sense of awe and wonder, it empowers us to reflect on life's big questions of meaning and truth and it sustains us during times of temptation and challenge.

3.0 Aims of our SMSC Development

We strive to provide and maintain for our pupils an education that provides opportunities so that they can explore and develop their own values and beliefs, spiritual awareness, high standards of personal behaviour, a positive caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of other cultures. We believe spiritual, moral, social and cultural development should be promoted through the school ethos, the quality of relationships, collective worship, all curriculum areas, shared expectations for behaviour & attitudes, extra-curricular and other activities.

We seek to fulfil both Ofsted & SIAMS framework expectations:

*"We consider that spiritual development is about helping children to develop academically **but more importantly** personally so that they become well rounded and ready to take their place in society fulfilled, happy, spiritually aware and socially and emotionally engaged."* (Ofsted)

"As a church school it can be reasonably expected that spiritual development would be a considerable strength. Therefore the approach should seek to be at the very least 'deliberate and effective' but ideally 'thoughtful and wide ranging'". (SIAMS)

- To encourage pupils to develop their own beliefs and values about life and religion
- To promote an appreciation of alternative individuals and shared beliefs.
- To develop appropriate personal and social behaviour in response to other cultures and environments.
- To develop an awareness of oneself in terms of thoughts, feelings, emotions, responsibilities and experiences and the development of self-respect.
- To recognise and value the worth of all individuals irrespective of gender, ethnicity, sexuality or religion thus developing a sense of community and the ability to build relationships with others.
- To promote curiosity in order to make sense of the world.

As a school community, we have a commitment to promote equality in line with the Equality Act 2010 (see appendix).

4.0 CHAIN curriculum provision:

At Archbishop Benson we consider SMSC development to be at the centre of our school ethos and the responsibility of the whole curriculum – refer to our CHAIN curriculum.

We believe SMSC Development takes place across the entire curriculum and all the related activities that provide opportunities for our pupils and adults to:

- talk about personal experiences and feelings;
- express and clarify their own ideas and beliefs;
- speak about difficult events;
- share thoughts and feelings with other people;
- explore relationships with friends, family and others;
- consider others needs and behaviour;
- show empathy;
- develop self-esteem and a respect for others;
- develop a sense of belonging;
- develop the skills and attributes that enables them to develop socially, morally, spiritually and culturally

The impact of our SMSC provision can be seen in our pupils in many ways:

- **Foundation Stage** – Pupils have an open mind and a readiness to use their imagination. They have a lively sense of curiosity and are accepting of wonder and excitement.
- **KS1** – Pupils have a natural inquisitiveness about themselves and others; they can think about things they value and are special to them. They have a natural openness to awe and wonder and are enthusiastic for new experiences. Pupils ask questions.
- **KS2** – Pupils become increasingly interested in the big questions about life and living. They ask questions but now want to move onto finding reasons and answers. Increasingly, they are fascinated by truth, equality and justice.

6.0 Spiritual development

We see spiritual development as the way pupils acquire personal beliefs and values, especially on questions about religion, whether life has purpose, and basic personal and social behaviour. We try to help pupils make sense of these questions through the curriculum, worship (see collective worship policy & Strand 6 SIAMS schedule), the school ethos and reflective/mindful opportunities within the curriculum. We see spiritual development as an important element of a pupil's education and fundamental to other areas of learning.

We aim to provide learning opportunities that will enable pupils to:

- enhance their spiritual awareness through quiet / reflection spaces;
- experience mindfulness through the CHAIN curriculum;
- sustain their self-esteem in their learning experience;

- form healthy relationships where they offer dignity and respect to others (Strand 5 SIAMS schedule)
- reflect on, consider and celebrate the wonders and mysteries of life

We believe that pupils' moral development involves:

- a concern for others and the will to do what is right;
- reflecting on the consequences of their actions;
- learning forgiveness and reconciliation that encourages good mental health, and enables all to flourish and live well together (Strand 4 SIAMS schedule);
- developing knowledge, skills, understanding, qualities and attitudes in order for them to make responsible moral decisions and to act on them.

We aim to provide learning opportunities that will enable pupils to:

- tell the truth;
- keep promises (unless there is a safeguarding issue);
- respect the rights and property of others;
- act with consideration towards others;
- help those less fortunate than themselves;
- take personal responsibility for their actions;
- have self-discipline;
- understand the meaning of forgiveness and reconciliation (Strand 4 SIAMS schedule);
- understand the meaning of 'good disagreement' (Strand 4 SIAMS schedule)

- develop the ability to be aspirational, resilient and persevere when things go wrong (Strand 3 SIAMS schedule)

- overcome barriers to their own learning and to make positive choices (Strand 3 SIAMS schedule)
