

Our vision celebrates how our school looks and feels!

With fun and learning (**Wisdom**), hand in hand (**Fellowship**) all things are possible (**Hope**). "I can (**Respect**) do all things through Him (**Creation**) who strengthens me." Philippians, 4:13.

Wisdom: Learn to grow, grow to learn.

Fellowship: Stronger together.

Hope: In times of trouble have H.O.P.E, Hold On, Pain Ends.

Respect: Love your neighbour as yourself.

Creation: Love where you live.

What do Staff, Children and Governors have to say about the school:

"We pride ourselves on our creative and fun approach to learning."

"Our values are the cement that holds us together, the centre of all we do."

"Our daily worship can drop a weight off of you so you can handle your day, you feel calmer."

"There is something very special about this school and as a teacher here I can't think of anywhere else I would want my children to learn."

Our Bible Story at Archbishop Benson is Noah's Ark because it is a story about hope and promises. It reminds us to look after each other, the animals and our planet.
